

Announcement

The Hellenic Agency for Local Government and Local Development (EETAA), as the coordinator of **Communicating Professional Competence (ComProCom)**, an Erasmus+ Key Action 2 strategic partnership project for Vocational Education and Training, **organizes the European Conference** titled:

Development of Professional Competence Frameworks

On **Tuesday, 13th of June 2017**, at **9:30 am** in Athens (Wyndham Grand hotel, Metaxourgeio).

This is the final Conference of the 2-year ComProCom project, aiming at the development of concise descriptions of competence for complicated, higher-level occupations.

The conference will address current trends in the area of competence description, and in that context the main outputs of the transnational cooperation among organisations from EL, DE, IRE, PL, UK and AT will be presented and discussed. The outputs consist of the ComProCom methodological manual, and five competence frameworks in the fields of the management of social cooperative enterprises, research and innovation, professional training and development, chemical engineering and management of startup enterprises. For more information concerning the Project please visit our website: www.comprocom.eu

For your participation, please fill in the attached Form.

European Conference on:

Development of Professional Competence Frameworks

Athens, 13th of June 2017, (Wyndham Grand hotel, Metaxourgeio).
